International Trade Terms

Incoterms & Payment Terms

A Quick Reference for Global Export–Import Trade

What are Incoterms®?

Globally accepted trade terms (Incoterms® 2020 by ICC) that define the responsibilities, costs and risks between the Seller (Exporter) and Buyer (Importer) in an international sale.

What are Payment Terms?

The agreed method and timing of payment between the Buyer and Seller for the exported goods.

Key Benefits

- Clarity of cost & risk sharing
- Smooth customs & logistics
- Secure and timely payments
- Reduced trade disputes
- Globally recognized & standard

Major Incoterms® (2020) for Exports

Incoterm	Full Form	Delivery Point & Responsibility	Common Use
EXW	Ex Works	Buyer takes delivery at Seller's premises (minimum Seller responsibility).	When Buyer has strong local logistics.
FCA	Free Carrier	Seller delivers to a carrier nominated by Buyer (at Seller's premises or named place).	Flexible, widely used.
FOB	Free On Board	Seller delivers goods on board the vessel at the named port of loading.	Common for bulk & containerized exports (e.g., sugar, grains, textiles).
CFR	Cost and Freight	Seller pays for cost and freight to the destination port (risk transfers at port of loading).	When Seller arranges ocean freight.
CIF	Cost, Insurance and Freight	Seller pays for cost, freight and insurance to the destination port.	Widely used; more security for Buyer (insurance included).
DAP	Delivered at Place	Seller delivers goods to a named place in the Buyer's country (excluding import duties and taxes).	Door delivery (except customs clearance).
DDP	Delivered Duty Paid	Seller delivers goods at the Buyer's premises, including all costs, duties and taxes (maximum Seller responsibility).	When Seller wants to offer a complete, hassle-free delivery.

Common Payment Terms in International Trade

- **LC (Letter of Credit)** : Bank-guaranteed payment; secure for both Buyer and Seller. (Most preferred)
- **Advance Payment** : Full or part payment in advance (e.g., 30%–100%). High security for Seller.
- **Documentary Collection (D/P or D/A)** : Buyer pays against documents (D/P) or accepts a time bill (D/A).
- **Open Account** : Goods supplied first, payment made later (as per agreed credit period, e.g., 30 / 60 / 90 days).
- **TT / Wire Transfer** : Direct bank transfer (used for advance or balance payment).

Typical Export Trade Flow

Agreement (Incoterms & Payment Terms) → Production & Packing → Shipment (as per Incoterm) → Customs Clearance (Export) → Delivery to Buyer (Foreign Port)

Note:

Choose the appropriate Incoterm and Payment Term based on your product, buyer relationship, risk appetite and target market.
